Plants on display was won by Leroy Orchids last month with Den *thyrsiflorum*. This plant also won Grand Champion at NZOS Spring Show. It carried 13 absolutely magnificent spikes. A credit to Lee and Roy considering the plant was hit by frost during the move to it's new home! Congratulations!

MESSAGE OF THE MONTH

Did you all see the NZ Herald front page of Tuesday 20th September? What a sad sight! A truckload of orchids dumped in protest.

We had been warning our members about *Oberon* for a long time.

Those poor growers have been set back for years with their export and local flower sales. They must be devastated at the thought of having to start all over again - this could take years.

Our thoughts go out to them.

We must always be very careful when using a new product. Ask around and try and find if others are having problems before we go ahead and use something not yet fully proven. ED

NEXT MEETING Tuesday October 6th 7.30pm Lions Whitehouse

Prize Giving night. Dennis has a wonderful power Point presentation for us. He also has a TV clip for us, filmed by TV3 at our Spring Show. Don't miss it!

Plants on display, Trading table and library will all be operating.

Please bring a small plate for supper which will be held during the evening.

Volunteers will be needed to vacuum the hall after the meeting.

We always look after our workers on set-up day at our spring Show. The evening meal after all the hard work was prepared and served by the kitchen staff and the guys on the BBQ. Thank you very much, the meal was superb.

Happy October birthday to... Glenys MacRae, Ross Crabb, Bruce Hughes and Joan Wood.

Raffle winners were T.Maine Wicham, Barry Baxter and Evelyn Ong. Prizes were donated by Leroy Orchids, Dennis Chuah and Jim and Margaret Shaw. The club made \$84.50 from the raffle. Congratulations winners!

FROM THE SEPTEMBER MEETING

President Dennis welcomed 43 members and friends to our meeting.

Apologies: Patrick Stepancic, Beryl Calder and Diana Elfleet.

Sick List: Peter Elfleet Snr who is in hospital but progressing well.

A special welcome went to Maine Wichman, Hugh Fraser and Ann Bernard who attended our meeting for the first time and also joined our club. We hope you enjoy the camaraderie of our club and also learn about the world of orchids. I am sure your collections will expand now that the orchid bug has bitten. Please feel free to ask any questions if you are not sure what you are doing. No question is a silly one as we have all been where you are now-a beginner. Here's to loads of orchid fun!

Notices: Dennis read out a few comments collected by the door ladies at our show. Some were funny and some were downright stupid!

CULTURE AND QUESTIONS

Q. Bert, how did you grow the magnificent Massie you brought along to display tonight?

A. It has no heat, hangs up high and he feeds it with a weak solution of liquid nitrosol. If he sees black tips on the leaves he flushes the plant with water as the fertiliser is too strong.

Lee gave us a short demonstration on repotting and caring for the cattleya alliance.

Dennis explained about the rafting of orchids and their needs. He gave us some ideas as to which plants do well on rafts.

Roy did a cymbidium repot and suggested to hobbyist growers to apply 8-9month *Osmocote* to plants in Sept. This fertiliser releases by daily temperatures. Lots of water throughout the summer for your Cyms.

BUS TRIP

On Saturday October 24th (Labour Weekend Sat), your executive has organised an exciting bus trip, starting with the Orchid Fair at Tuakau and ending with a BBQ tea at Sunrae Orchids, Drury.

The bus leaves Lee and Roy's, 6 Rata Road, Whenuapai at **8.00 am sharp.**

There is also a 'pick up' at Lions Whitehouse at **8.15 am** and then we are on our way!

We will leave Drury at approx. 5.30 pm for the trip home.

from behind the shade house......

Quite a number of Waitakere Orchid Club members attended an orchid show in Mel-

bourne recently. The suitcase seen here beneath the plane contains all the new flasks of plants that came back to NZ. I won't name the guilty parties but I believe we can look forward to seeing some special Masdevallia, mini cattleyas and many more genera in the future!

Pam and I have also had a break away. We were on A Bus Trip around East Cape. Saw lots of lovely spring trees and flowers but not a native orchid in sight!

THANK YOU...

'I would like to thank the executive and club members for their kind thoughts and best wishes for Peter's speedy recovery. Your support was much appreciated.

Peter is hoping to be back on deck for the October meeting'.

Diana.
